# **International Standard Classification of Education : fields of education and training Information and Communication Technologies**

*lista alfabética*

UNESCO Institute of Statistics

The International Standard Classification of Education (ISCED) is a framework for assembling, compiling and analysing cross-nationally comparable statistics on education. ISCED Fields of Education and Training classifies education programmes and related qualifications by fields of study.

### **Computer use USE 0611**

Computer use is the study of using computers and computer software and applications for different purposes. These programmes are generally of short duration.

Programmes and qualifications with the following main content are classified here:

Computer use

Use of software for calculating (spread sheets)

Use of software for data processing

Use of software for desk top publishing

Use of software for word processing

Use of Internet

### **Conception et administration de bases de données et de réseau USE 0612**

### **Database and network design and administration USE 0612**

Database and network design and administration is the study of the design, maintenance and integration of software applications. Computer media applications are included.

Programmes and qualifications with the following main content are classified here:

Computer administration and management

Computer media applications

Computer network installation and maintenance

Database administrator studies

Information technology administration

Information technology security

Network administration

Network design

Web design

### **Desarrollo y análisis de software y aplicaciones USE 0613**

### **Développement et analyse de logiciels et d'applications USE 0613**

### **Diseño y administración de redes y bases de datos USE 0612**

### **Information and Communication Technologies USE 061**

### **Information and Communication Technologies not elsewhere classified USE 0619**

Information technology studies not fitting in the detailed fields are classified here:

Artificial intelligence

### **Inter-disciplinary programmes and qualifications involving Information and Communication Technologies USE 068**

### **Inter-disciplinary programmes and qualifications involving Information and Communication Technologies USE 0688**

Inter-disciplinary programmes and qualifications to which the greatest intended learning time is devoted to information and communication technologies (ICTs) are classified here.

### **Programmes interdisciplinaires et certifications impliquant technologies de l'information et de la communication (TIC) USE 0688**

### **Programmes interdisciplinaires et certifications impliquant technologies de l'information et de la communication (TIC) USE 068**

### **Software and applications**

### **development and analysis USE 0613**

Software and applications development and analysis is the study of the design and development of computer systems and computing environments.

Programmes and qualifications with the following

main content are classified here:

Computer programming  
Computer science  
Computer systems analysis  
Computer systems design  
Informatics  
Operating systems  
Programming languages development  
Software development  
Software programming

Technologies de l'information et de la communication (TIC) USE 061

Technologies de l'information et de la communication non classées ailleurs  
USE 0619

Tecnologías de la información y la comunicación (TIC) USE 061

Uso de computadores USE 0611

Utilisation d'un ordinateur USE 0611
